Final Notice for Certificate Extensions

To all KMDSI Technicians, Dealer Instructors & Technician Instructors (Schools) outside of Continental U.S.

FINAL NOTICE

Effective August 31, 2022 Dive Lab will no longer be granting extensions and will require renewal at normal intervals.

Currently – Dive Lab is not expecting to grant any more extensions after August 31, 2022 due to COVID-19. Do not wait until last minute.

We strongly urge KMDSI Technicians to get their re-certifications prior to August 31, 2022. This allows over five months to re-certify. All extension requests after August 31, 2022 will be denied. We will not be issuing individual extensions.

Please check divelab.com website regularly for any new updates regarding extensions outside of Continental U.S.
